# Mold-Tox Plus

Mold Toxin Binder & Mold Inhibitor

## Key Benefits

1. Inactivates mycotoxins in feed.
2. Inactivates mold/fungi and helps keep feed fresh.
3. Helps control major food/feed fungi such as Aspergillus, Penicillium and others that produce harmful toxins.
4. Helps control harmful bacteria such as Salmonella and coliforms.
5. Helps maintain proper rumen pH.
6. Supports liver and kidney function and helps blood purification.
7. Supports reproductive/ovarian function.
8. Helps improve growth, body weight and production of eggs/milk.
9. Helps prevent spoilage of silage, animal feed, poultry feed and fish feed.

## COMPOSITION

Each 100 g powder contains:

| Ingredient                     | Quantity              |
|--------------------------------|-----------------------|
| Bentonite                      | 20%                   |
| Propionic Acid                 | 20%                   |
| Ammonium Propionate            | 11%                   |
| Acetic Acid                    | 4%                    |
| Formic Acid                    | 1%                    |
| Citric Acid                    | 4%                    |
| Copper Sulphate                | 2%                    |
| Calcium Propionate             | 6%                    |
| Saccharomyces cerevisiae Yeast | $1 \times 10^7$ CFU/g |
| Sepiolite (Mg)                 | 3.3%                  |
| Milk Thistle (Liver tonic)     | 4%                    |
| Excipients                     | Q.S                   |
