

Super Milk ProTM

Complete Nutritional Support
for High Milk Production

Supports
higher milk yield

Balanced mineral
supplementation

Improves
overall health
and immunity

Supports
better performance

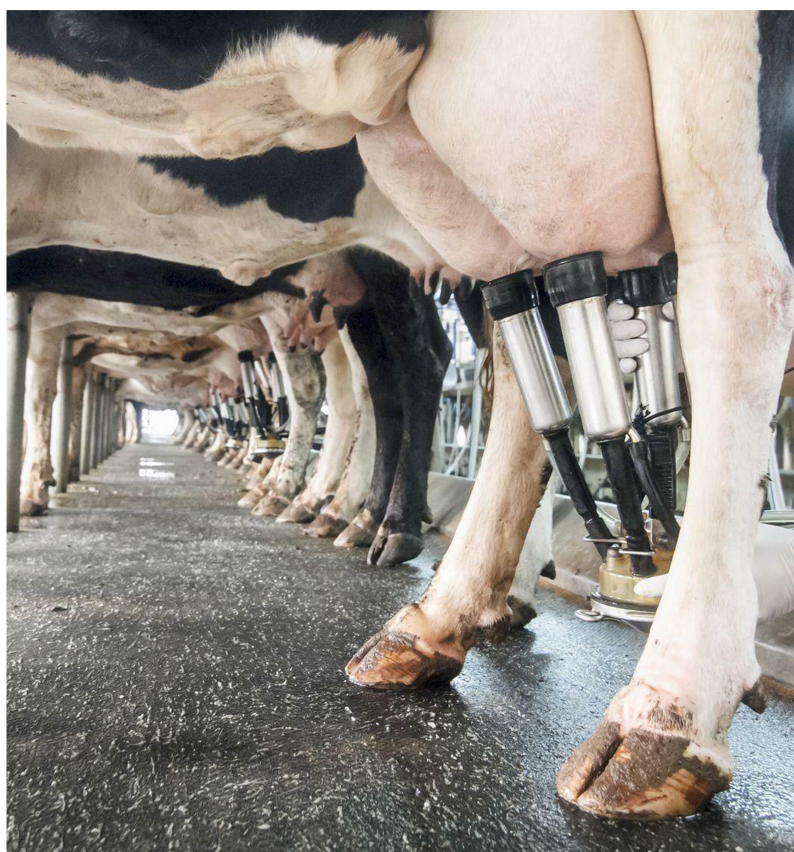

Super Milk Pro provides essential minerals and trace elements required for modern dairy management, supporting high-yielding cows in achieving optimal health and peak performance. Adequate and balanced mineral supplementation is crucial for enhancing productivity, reproductive efficiency, and overall metabolic functions.

Its superior antioxidant profile helps protect Vitamin A and other sensitive vitamins from degradation within the gastrointestinal tract. The inclusion of selenium further strengthens this action by sparing Vitamin E, enabling it to perform its biological functions more effectively.

Super Milk Pro ensures stronger immunity, improved reproductive outcomes, and increased milk yield in high-producing dairy animals.

Composition

Vitamin A	:	2,50,000 I.U.
Vitamin D3	:	50,000 I.U.
Vitamin E	:	500 mg
Copper	:	312 mg
Cobalt	:	45 mg
Magnesium	:	2.114 gm
Iron	:	979 mg
Sulphur	:	3 gm
Zinc	:	2.13 gm
Iodine	:	156 mg
D.L. Methionine	:	2 gm
L Lysine	:	4.40 gm
Calcium	:	30%
Phosphorus	:	8.25%
Selenium	:	10 mg
Yeast	:	5 gms
Probiotic	:	50 x 10 CFU

Dosage

Cattle Large Animal : 40 gms per time

Medium Animal: 30 gms per time

Calves : 10 gms – 15 gms per time or 750 gms to 1 Kg to be mixed in 100 kg feed

Manufactured by

SF No.396/1, Door no. 445/9B, Bathalapalli, Kosuvakatta Road, Moranapalli, Hosur, Krishnagiri,
Tamilnadu - 635109, India.
